PROFILE

I am a passionate individual with keen attention to detail and high energy. I strive to deliver strong results and exceed expectations regardless of the task at hand. I have spent the last six years fine tuning my skills as an automotive detailer in the Salt Lake Valley and am now making a decision to pivot my career towards tech. I have had a long time interest in software development and have really enjoyed my time doing QA testing, which is the specific area of tech I am looking to make a name for myself in.

Noah Thayne

WORK EXPERIENCE

- DEMAND MECHANICS** - Salt Lake City, UT
QA Tester - Part Time, Ongoing
2019
2021
At Demand Mechanics, I have played a key role in coming up with QA systems to debug client web platforms. Identifying bugs, clearly communicating the discovered problems, and fixing basic navigation and display errors.
- Ken Garff Body and Glass Downtown** - Salt Lake City, UT
Detailer / Technician - Full Time, Ongoing
2020
2021
While I have enjoyed my time at Ken Garff, I am looking to replace my full time position with one more aligned with my future in tech. I have been responsible for detailing vehicles, doing final quality checks, and other various duties. I helped the detailing department improve their systems and procedures to consistently produce a better finished product.
- Royal T Mobile Detailing** - Salt Lake City, UT
Owner / Operator - Part Time, Ongoing
2017
2021
I started Royal T Detailing after years of refining my auto detailing skills. While managing this small business I have stepped into many rolls from sales to customer service. I learned how to manage overhead/equipment, scheduling appointments, and maintaining client relations
- Mark Miller Toyota Downtown** - Salt Lake City, UT
Lot Tech / Detailer
2016
2017
Working as a lot tech was my first job out of high school and I learned a lot about the difference between meeting expectations and going above and beyond to exceed expectations. In less than a year I received a promotion and 3 raises, due to going out of my way to do the job right and standing out to the leadership within the company
